Outstanding School Assemblies

The Magic In You

Encourages motivation, goal-setting and hard work to achieve one's dreams.

The Magic In You is an interactive assembly, designed to promote self-esteem through participation and unbelievable magic! This program helps students make the impossible become a reality by believing in themselves and setting goals to achieve the impossible.

Audience participation, comedy and magic reward and inspire students.

This is an active and exciting show that will reward students for a job well done as well as show them what it takes to reach their dreams. Volunteer participation, magic, comedy, juggling, and illusions allow students and staff to have fun laughing and learning while the basics of motivation, goal setting, checking progress, and getting results are explained.

The perfect blend of entertainment and education to engage students and staff alike!

This program is presented by magician/comedian Jim Mitchell. Jim teaches students about working hard, encouragement, perseverance, learning and continuing education, and believing in yourself and the impossible. Using the perfect blend of entertainment and education, The Magic In You will engage and inspire students and staff alike.

The Magic In You

Program Specifications

Program time: 45-50 minutes

Maximum Preferred Capacity: 350 students. This program is designed for grades K-6. If two or more presentations are scheduled, please divide students by grade level for each presentation—K –3, 4 –6, etc. ***Please don't divide by even or odd numbered grades!***

Set-Up AND Take-Down Time: 45 minutes before and after the presentation, ***without audience present.***

Performance Area: Minimum size of 40 feet wide and 15 feet deep* (approximately the size of the end of a basketball court). The space should be brightly lit and a floor space is best. A stage is acceptable as long as there is easy access for volunteers. Please avoid performance areas with access through staircases and stairways. The equipment for this presentation is heavy and will be transported on wheels. ****Please make arrangements with us before the presentation if your school cannot meet this space requirement.***

Assembly Requirements:

- A working power connection within 25 feet of center stage.
- A room free of classes and students 30 minutes before and after the program.
- Parking near (or access to) ramps or elevators into the building if necessary.
- A plastic garbage bag.
- One bottle of drinking water per performance is greatly appreciated.
- Please have the school Principal or Assembly Coordinator meet with Jim at least 10 minutes prior to the presentation. Please expect to answer specific questions about your school (i.e. What is your school mascot? What grade levels will be in attendance? Etc.)

Assistance: If performance area is not directly accessible, please provide three to four student assistants who can help carry-in and carry-out equipment.
